

RFP SJVLS 15-001 Addendum 2, additional questions received

Posted October 28, 2014

The Proposal Content Requirements, item VII. G (p. 31-32) asks for copies of financial statements or federal tax returns, but the Specific Terms and Conditions on p. 25 say about these statements: "Do not provide with your proposal." Can you please clarify?

Basically it means that we might ask for them at some point but we don't need them with the proposal. We rarely asked for them on a contract like this.
